FIELD ACTUARIAL BUREAU

SAN FRANCISCO or LOS ANGELES

The Department of Insurance is seeking an experienced individual to serve as a Senior Casualty Actuary for the Field Actuarial Bureau, Field Examination Division.

RESPONSIBILITIES:

Under general direction of the Chief, Field Examination Division, the incumbent provides actuarial analysis and opinion on the proper reporting of financial transactions, the adequacy of loss and loss expense reserves, the proper treatment of reinsurance transactions, and the present and future solvency of the property and casualty insurance companies; works independently on the most complex actuarial analysis projects; participates in rate making and drafting of regulations; and provides actuarial consultation to the Department on other actuarial matters concerning workers' compensation insurance.

DESIRABLE QUALIFICATIONS:

The successful candidate should possess the ability to:

- review and analyze actuarial reserve calculations and reinsurance contracts;
- appraise accurately from actuarial and statistical data the financial condition of property & casualty insurance companies;
- work with extreme independence and initiative;
- make appropriate recommendations and draw valid conclusions;
- communicate effectively both orally and in writing;
- establish effective working relationships with all levels of staff.

WHO MAY APPLY:

Applications will be accepted from current State employees at the Senior Casualty Actuary level, those within transfer range, or individuals who have list eligibility. Training and Development Assignments may be considered for certain classifications only if necessitated for recruitment purposes. All applications will be reviewed; however, only the most qualified candidates will be interviewed. Applicants currently on SROA lists or employed by a surplus department are encouraged to apply. *All applicants must clearly indicate the basis of their eligibility (i.e. SROA, surplus, reemployment, reinstatement, transfer, or list eligibility) on the state application.*
